DISSONANCE.

TESTIMONIAL BY CHARLIE

(SOUND ENGINEER, MUSIC
PRODUCER & SONG WRITER)

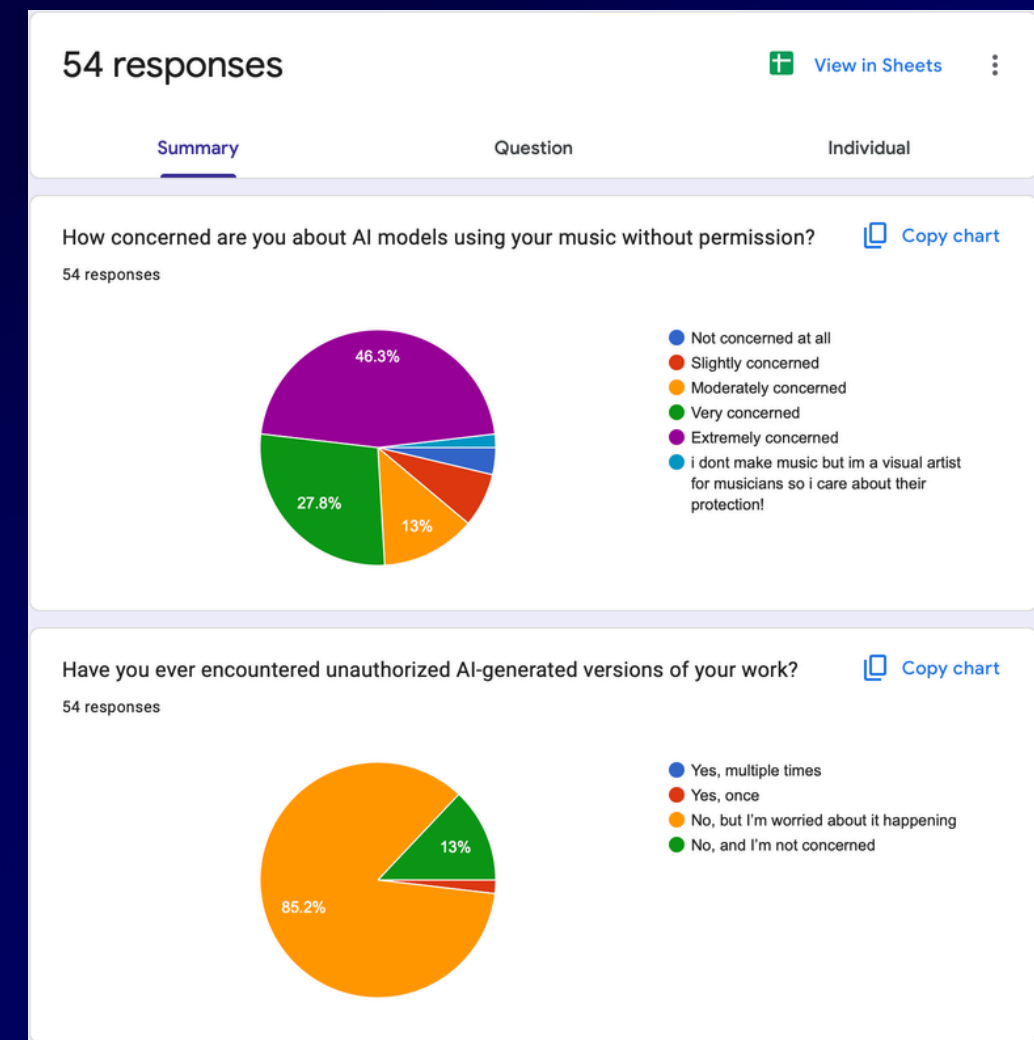

“Projects like Nightshade and Dissonance help in the fight against unethical use of AI in art domains”

“A tool like that for audio does not yet exist and could greatly benefit musicians to protect us against these uses”

“This tool would also be useful to actors, politicians, influencers, and any public figure”

survey shared through a
network of artist and sound
enthusiast

DISSONANCE.

THANK YOU

We don't ask the ai industry for permission.

We give creators theirs back.
